

Over the last decade, the RSB has become a focal point for advice and comment; working closely with supporting organisations to ensure the voice of the biosciences is heard by governments and policymakers.

The RSB provides evidence, challenges assumptions and increases awareness of the breadth of knowledge and innovation. We also support voices from diverse backgrounds and ensure they are represented across the biosciences.

200+

Policy outputs published since 2009, covering a wide range of topics

Ecology and Biodiversity

Valuing research

Food production

Biomedical science

Brexit and immigration

20,000+

Subscribers to our weekly Science Policy Newsletter

“The RSB's Science Policy Newsletter is invaluable as it provides a clear and efficient snapshot of the latest developments on a weekly basis – it is high on my ‘must read’ list.” **Professor Julia Buckingham CBE FRSB**

## Events

8

Voice of the Future events bringing younger scientists to Westminster

8

Parliamentary Links Days, connecting MPs, peers, and the STEM community

8

Policy Lates debate events, free and open to the public

We co-sponsor and provide senior representation at events across the UK

## Influence

The RSB brings experts together to advise policy and decision-makers in Government, Parliament, research funders and institutions, and other societies and organisations

28

Organisations in the **Animal Science Group**, that engages with the Home Office via the UK Bioscience Sector Coalition

23

Member Organisations share best practice through our Diversity and Inclusion Working Group **#biosciencesforall**

21

Member Organisations collaborate through the **UK Plant Sciences Federation (UKPSF)**

2

Major reports published on the future potential of the UK plant science sector

24 meetings and 3 summits organised by the **Natural Capital Initiative** to discuss ecosystem management

## RSB Policy Resource Library

Consultation responses

Letters and comments

Strategies and reviews

Guidance and briefing notes

25+

Organisations' published resources which are freely available

800+

Collected policy resources available to search and read
